<u>AIRPORTS</u>	<u>MONTH</u>	<u>PAGE</u>
Ketchikan airport built in soft musken and hard rock (Alaska)	March	38
Seawall built in dry trench for runway extension (Australia)	May	38
World's largest concrete-paving contract: Dallas-Fort Worth airport (Texas)	August	20
<u>BRIDGES</u>		
Delaware River bridge to claim record for highway bridge - Delaware River Port Authority Bridge (Pennsylvania-New Jersey)	January	28
Permanent steel forms: new look for bridge construction	March	44
Steel arch bridge spans deep gorge (Alaska)	April	20
Finisher paces work on skewed bridge deck (New York)	April	42
Two forming methods set fast, safe pace on viaduct (Massachusetts)	May	28
Compact tiedowns strap cantilevered trusses in place (Maine-New Hampshire)	June	20
High bridges utilize specialized equipment (California)	July	8
Template and adjustable forms streamline bridge job (Ohio)	November	8
"Angel Wings" and jacked tie backs erect bridge steel (Mississinpi)	December	18
<u>BUILDINGS</u>		
Football stadium built in 11 months (Massachusetts)	January	40
Mud, sand, and clay dampen pile-driving operation (California)	March	14

	<u>MONTH</u>	<u>PAGE</u>
At O'Hare airport, concrete placing system saves time and labor on giant parking structure (Illinois)	March	40
Prefabrication: Key to economy for Sears building (Illinois)	April	14
Prefab forms speed continuous pours for school (Washington, D.C.)	April	34
Hydraulic slipform system shapes triple cement silos (Utah)	April	36
The TALLEST, fastest building in the West Palm Beach area (Florida)	May	13
Precast columns, beams, and planks speed shopping center construction (Hawaii)	May	35
Prototype control tower stands on precast post-tensioned legs (Texas)	June	9
Prestressed and precast units integrated into building frame (Hawaii)	June	38
Concrete forming method saves time and money on D.C. subway stations (Washington, D.C.)	July	23
Slurry wall is answer for Milwaukee skyscraper (Wisconsin)	July	28
Wire fabric eliminates need for costly fire-proofing (Illinois)	August	29
Space frame hoisted 85 feet to support roof for civic center (Connecticut)	September	34
Breastboarding simplifies shoring deep excavation (Colorado)	September	37
Phased construction--remedy for on-site claustrophobia (North Carolina)	October	34

	<u>MONTH</u>	<u>PAGE</u>
Precasting: profitability factor in terminal construction (Texas)	November	14
Havajo power plant features crane team, huge shaft drill and concrete-placing conveyor-crane (Arizona)	December	8
Helicopters airlift steel to roof-top site (Michigan)	December	15
City job requires careful excavation (New York)	December	29
Prefab formwork speeds erection of LDS temple (Washington, D.C.)	December	36
<u>DAMS &amp; FLOOD CONTROL</u>		
Concrete plug and cutoff trenches prepare foundation for Pueblo Dam (Colorado)	February	37
Fish get priority at Mynoochee Dam (Washington)	April	8
Planned repeat operations simplify work on concrete culvert (Michigan)	May	3
Scheduling is critical on Chatfield Dam earth-work (Colorado)	May	32
Deck finishers handle several jobs on Detroit channel (Michigan)	June	22
Chemical grouting cuts infiltration in deep excavation (North Dakota)	July	32
Multiple diversions dictate scheduling for Cochiti Dam (New Mexico)	August	34
At Hannibal Dam, Low concrete walls keep cofferdam work area really dry (West Virginia)	September	12
At Grand Coulee, contractor maintains tight schedule on third power plant (Washington)	October	30

	<u>MONTH</u>	<u>PAGE</u>
<u>DREDGING</u>		
Chopping wheel enables dredge to restore "dead" lake (Michigan)	November	34
<u>EARTHMOVING</u>		
Winter stockpiling keeps summer earthwork on time (Michigan)	November	20
<u>GENERAL</u>		
Water-pollution control means \$\$\$ for contractor (Massachusetts)	February	46
Multi-interest group studies Water Plan	September	11
Lake Linganore designed to strike balance with ecology (Maryland)	September	14
California's huge water project fosters construction innovations (California)	September	16
Giant crushed-rock plant provides multiple options (Texas)	September	28
Fast repairs vital to New Orleans lock (Louisiana)	September	40
Contractor diversifies to meet challenge of pollution-control market (Wisconsin)	November	16
Demolished roads, buildings recycled as aggregate (Washington, D.C.)	November	27
<u>HIGHWAYS</u>		
Paving spread lays 73 miles of concrete in 50 days (California)	January	42
Automated slipform machines finish curbs and sidewalks (California)	March	23
Post-tensioning paves way for lower-cost roads (Virginia)	March	30
Rippers excavate hard rock on Australian highway project (Australia)	April	7

	<u>MONTH</u>	<u>PAGE</u>
Mini-benches speed healing of high-cut slopes (Idaho)	April	38
Aggregate base and CTB mixed in pugmill plant (Oregon)	May	16
Interstate on new alignment replaces hazardous highway (Montana)	June	31
Swamp stripping--easy work for big tractor (Florida)	July	36
Bentonite prevents settlement of piles through fill on Georgia highway job (Georgia)	August	26
To match new neometric standards, paving con- tractor rebuilds culverts and modifies grade (Arizona)	September	22
Automated graders finish grade and base on freeway (California)	October	36
Extra-wide paver pair provides bonus (Maryland)	November	40
Draglines balance dredges for Interstate grading (Georgia)	December	24
<u>MAINTENANCE</u>		
Lubrication: safeguard for equipment	February	42
One contractor's shop/field/distributor- service mix (Massachusetts)	October	14
New business for M-K shop: locomotive over- haul (Idaho)	October	16
Guaranteed Total Maintenance-a new concept from a dealer (Colorado)	October	23
Truck maintenance begins with the right spec at purchase (New York)	October	24
Component exchange program saves money for contractor (Utah)	October	26

	<u>MONTH</u>	<u>PAGE</u>
Expanding company gears up its maintenance capacity (New York)	November	32
<u>MEETINGS</u>		
AGC expands services, plans to double budget (Texas)	April	13
ARBA underlines differences on highway program (Louisiana)	June	12
Experts discuss rapid excavation and tunneling (Illinois)	July	13
Holes' awards for '73 go to Peck, Murphy	December	23
CIMA predicts: 1973 to see biggest construction volume ever	December	32
<u>PIPELINES</u>		
Custom-built sidebooms simplify work on Tunis pipeline (North Africa)	November	30
Undersea pipeline to deliver water to southern California (California)	December	28
<u>SEWERS</u>		
Plastic outfall line installed in unstable river bottom (Virginia)	April	26
<u>SPECIAL</u>		
Contractors say new markets will develop	January	8
Industry associations are optimistic	January	9
Washington perspective: 1972 could be a very good year (Washington, D.C.)	January	14
Wall Street sees a bumper year for public construction (New York)	January	27
<u>CONEXPO '75 MINUS 3</u>		
Poclain refines hydraulics	February	8
Cat forseees smaller machines	February	8
Hyster reaches into new fields	February	9
CIMA cites safety devices	February	9

	<u>MONTH</u>	<u>PAGE</u>
Between COMEXPOs: the construction machinery industry	February	18
Contractors state their equipment needs	February	20
Labor stresses built-in safety in machines	February	29
"We're paying more and getting less," says AGC's Healy	March	8
"Time to reverse the trend," says AGC's new president McClary	March	9
SPOTLIGHT: (Part I): SECURITY	May	18-22
SPOTLIGHT (Part II): RENTAL/LEASING	June	13-16
SPOTLIGHT (Part III): SAFETY	July	18-22
SPOTLIGHT (Part IV): Mass Transportation/ Tunnels	August	13-18 31-33
SPOTLIGHT (Part V): Water Power	September	11-16
SPOTLIGHT (Part VI): Maintenance	October	14-20
C&E SERIES: Specifying machinery and components--Power train selection-the engine (Part I)	November	18
C&E SERIES: Specifying machinery and components--Power train selection-the engine (Part II)	December	37
<u>SUBWAYS &amp; TUNNELS</u>		
West Virginia tunnels drilled through with fast and mobile crews (West Virginia)	March	18
Muddy water dampens Liverpool tunnel project (England)	May	24
Segmented tunnel-driving on a miniature scale (Missouri)	August	13
BART, driven through mud and rock, opens next month (California)	August	14
METRO crosses Potomac (D.C.-Virginia)	August	15

	<u>MONTH</u>	<u>PAGE</u>
Modified mole bores 17-foot-diameter on 17-degree incline (Illinois)	August	16
Digger shields handle varied soils on Detroit sewer tunnel (Michigan)	August	17
Mobile River Tunnel: sunken tube nears completion (Alabama)	August	18
Epoxy-anchored rock bolts keep pace with mole (New Mexico)	August	32
Speedy mole excavates tunnel through conglomerate (Utah)	October	44
